## Improving on the Chestnut Bell.

The inventor of the chestnut bell was before the Patent Office yesterday endeavoring to patent an improvement on his previous atrocious invention. The improvement consists of an attachment which will probably give a new lease of life to the now obsolete chestnut bell. The new device consists of an elastic band connected with the bell and fastened to the other side of the waistcoat. When the bell is struck a miniature rat runs across the breast of the wearer and stops in full view of the victim. To make it more effective the word "Rats" is inscribed on the rat. The patent officials refused to grant a patent on the word "Rats" but acted favorably on the other features of the device.

## A Good Appointment.

In appointing C. W. Friend, of Carson, Director of the Weather Service of Nevada, Governor Stevenson has conferred a benefit on the State as well as on a very estimable gentleman. For years past Mr. Friend has been a daily observer of the climatic conditions of the State, and his experience will surely be of great benefit to Nevada.

## The Mugwumps Ahead.

After all the talk about punishing the Mugwump county of Washoe, she has not lost much. Washoe secured \$55,000 of the appropriations, and was able to kill about every scheme for the benefit of the State which did not help Reno.

## The Lottery Amendment Breeze.

The breeze raised in the Senate day before yesterday over the alleged tampering with the files subsided yesterday when it was shown that the change in the bill was made in its history and not in its title and would not have invalidated it.

—Ayer's Sarsaparilla is the best medicine for every one in the Spring. Emigrants and travelers will find in it an effectual cure for the eruptions, boils, pimples, eczema, etc., that break out on the skin—the effect of disorder in the blood, caused by sea-diet and life on board ship.

—It is a good rule to accept only such medicines as have, after long years of trial, proved worthy of confidence. This is a case where other people's experience may be of great service, and it has been the experience of thousands that Ayer's Cherry Pectoral is the best cough medicine ever used.

## The Lottery Bill.

The Lottery bill passed the Senate yesterday, and only awaits the Governor's signature to become a law. The bill is here printed, that its exact purport may be known:

An Act authorizing the formation of a corporation for the purpose of conducting and carrying on a lottery in the State of Nevada.

The people of the State of Nevada, represented in Senate and Assembly, do enact as follows:

Section 1—J. H. Kinkead, D. Circe, Jacob Klein, J. B. Overton, S. C. Wright, R. P. Keating and M. N. Stone, or a majority of them, are hereby authorized, and it shall be lawful for them to organize a corporation to be known as the "Nevada Lottery Company," for the purpose of carrying on a lottery, and said corporation shall have the sole right to maintain, conduct and carry on a lottery in the State of Nevada for the period of twenty-five years from and after the ratification and approval by the people of the State of Nevada of an amendment to Section twenty-four, Article four, of the Constitution of the State of Nevada, authorizing the Legislature to provide for the organization and incorporation of a lottery in the State of Nevada, and to designate the amount of revenue that shall be annually paid into the State Treasury by said corporation.

Sec. 2—Said corporation shall be managed and controlled by a Board of not less than seven Trustees, who shall be stockholders therein.

Sec. 3—All drawings and distribution of gifts and prizes by said corporation shall be managed and directed by a Board of Managers to be designated by the Board of Trustees. Said Board of Managers shall be composed of not less than five or more than nine persons, two of whom shall be the State Treasurer and Secretary of State, and all drawings shall be held at the Capital of the State.

Sec. 4—The said corporation shall pay to the State of Nevada for the first year the sum of twenty thousand dollars, to be paid quarterly into the State Treasury, except the first payment of twenty thousand dollars, which shall be made on or before the first Monday in January next succeeding the ratification and adoption by the people of the State of Nevada of said amendment to Section twenty-four of Article four of the Constitution of the State of Nevada.

Sec. 5—All money paid into the State Treasury under the provisions of this Act shall, and the same is hereby set apart, and shall constitute a special fund, to be known as the Irrigation Fund.

Sec. 6—The corporation authorized to be created under the provisions of this Act shall forfeit all rights acquired thereunder upon its failure to perform its duties and obligations to the State of Nevada, prescribed by this Act, and upon its performance of said duties and obligations, this Act shall be treated as a contract between the State of Nevada and said corporation.

Sec. 7—This Act shall take effect and be in force from and after the ratification and adoption by the people of the State of Nevada of the amendment to Section twenty-four, Article four, of the Constitution of the State of Nevada, referred to in this Act.

As will be seen, it removes all Constitutional objection to be found in Boyle's Senate Bill 100, as it leaves the matter entirely with the people to reject or ratify. Such a bill will place \$80,000 each session in the Treasury for the benefit of the State, and it is not believed that the Governor will deny the people the opportunity of publicly expressing themselves upon the matter. The best lawyers hold it to be perfectly Constitutional.

## A Testimonial to Miss Leete.

At the late masquerade ball in this city Miss Emma Leete personated the Thirteenth Session of the Nevada Legislature, and in gratitude for this graceful act the members yesterday presented an elegant gold watch and chain to the young lady accompanied by the following note:

STATE OF NEVADA,  
ASSEMBLY CHAMBER,  
Carson, March 4, '87.

This little memento is presented to Miss Emma Leete by the members of the Thirteenth Session of the Nevada Legislature as a testimonial of appreciation of her charming representation of "The Legislature" at the Masquerade Ball on the evening of February 22, 1887, with best wishes for continued health and happiness.
